Filippo Maria Antoniacchi

SUMMARY

Motivated and passionate chemistry student, currently completing a Master's thesis in pharmaceutical chemistry. Strong interest in organic synthesis and drug discovery. Aspires to pursue a post-graduate career in research, contributing to the development of innovative therapeutic solutions.

EXPERIENCE

Internship

Laboratory of inorganic chemistry, Prof.ssa Monica Plca - Perugia

- Synthesis of polymeric material

EDUCATION

Master's degree: Chemistry and pharmaceutical technologies, 2020 - 2026

University of Perugia - Perugia

- Master's thesis ongoing in the laboratory of Prof. Antimo Gioiello, on the synthesis in automated way of PARP inhibitors
- Expected graduation: **February 2026**, with anticipated final grade **110/110 (cum laude equivalent)**

High school graduate: Chemistry, Materials and Biotechnology - Healthcare Biotechnology, 2015 - 2020

ITS Cassata Gattapone - Gubbio

- High School Diploma with highest grade (100/100)

HOBBIES AND INTERESTS

- Videogames
- Reading
