

GAME OF RESEARCH

SEASON TWO

June 11th 2018, 9.00 - 18.00

Aula Magna del Dipartimento di Medicina Veterinaria
Università degli Studi di Perugia

Self managed event coordinated by PhD students,
Postdocs, Research Fellows and scholarship holders from the
Veterinary Medicine Department of the University of Perugia

What is a "Veterinary Sharing Day"?

It is an opportunity for young scientists to effectively share their work with broader audiences in order to promote the awareness and appreciation of the scientific research conducted at the University of Perugia.

Organising Committee

Flory Petrescu
Martina Crociati
Ilaria Porcellato
Giulia Moretti
Linda Petrucci
Iulia Filipescu

PROGRAMME

Morning Session

Moderators: Giulia Morganti, Marco Isidori

- 9:00-9:30 OPENING and WELCOME**
- 9:30-10:45 ORAL COMUNICATIONS**
- 9:30-9:45 ROSY CAGNANI**, *Non-coding RNAs as Novel Biomarkers in Prostate cancer*
- 9:45-10:00 GIULIA MORETTI**, *Traditional Gonadectomy vs Gonadectomy by Ligasure® in grey squirrels (Sciurus carolinensis): comparing surgical techniques*
- 10:00-10:15 LUCA GRISPOLDI**, *Identification of the risk factors correlated to growth, survival and enterotoxins production of Staphylococcus aureus in canned meat production to implement the hazard analysis and critical control points (HACCP) system*
- 10:15-10:30 LAURA VALLI**, *Endoscopic anatomic characteristics of brown bears respiratory tract: preliminary examinations*
- 10:30-10:45 LAURA BONGIOVANNI**, *New blood biomarkers for malignant melanoma: Detection of cell cycle transcripts within melanoma-derived extracellular vesicles in vitro*
- 10:45-11:00 COFFEE BREAK**
- 11:00-11:20 MASSIMILIANO TREVISAN [Fame Lab]**, *Oltre la Barriera: occasioni per la ricerca di incontro con il pubblico*
- 11:20-11:50 ORAL COMUNICATIONS**
- 11:20-11:35 MARTINA CROCIATI**, *Lipid metabolism in dairy cows: influence on reproductive tract*
- 11:35-11:50 IULIA FILIPESCU**, *Bovine colostrum-new insights in IBD prophylaxis*
- 11:50-12:05 GIOVANNI CINTI [ADI]**, *Diritti e prospettive per dottorandi e dottori di ricerca*
- 12:05-12:35 ORAL COMUNICATIONS**
- 12:05-12:20 SARA BUSECHIAN**, *Obesity In The Horse: Is The Italian Proverb "L'occhio Del Padrone Ingrassa Il Cavallo" True?*
- 12:20-12:35 SERENELLA SILVESTRI**, *Expression of E-cadherin, N-cadherin and Melan-A in canine cutaneous melanocytic tumours*
- 12:35-12:55 DANIELA FABIANI [TRAINER]**, *Fluidi per la gestione del paziente ospedalizzato e non...*
- 12:55-14:30 LUNCH BREAK and POSTER TOUR (Q&A)**

Afternoon Session

Moderators: Elisa Rampacci, Federica Patria

- 14:30-15:30 TEAMWORK EXPERIENCES**
- 14:30-14:50 FLORY PETRESCU, GIULIA MORETTI and GIULIA MORGANTI**, *Clinical, ultrasonographic and therapeutic features occurred in a dog affected by massive pleural larval mesocestoidiasis*
- 14:50-15:10 VALENTINA STEFANETTI and MARIA CHIARA PRESSANTO**, *Septic pyomyositis, multiple pelvic osteomyelitis and thrombosis in a Thoroughbred foal*
- 15:10-15:30 LORENZO PISELLO, FLORY PETRESCU and ILARIA PORCELLATO**, *A case of hardware disease in a pregnant cow: clinico-pathological findings*
- 15:30-16:00 ORAL COMUNICATIONS**
- 15:30-15:45 GIULIA MORGANTI**, *An example of "parasitic federalism"*
- 15:45-16:00 GUILLAUME ROBITEAU**, *Is there an optimal day to perform an intra-vaginal insemination in queen using fresh semen? A multi-sire study*
- 16:00-16:15 ROSSANA ROILA**, *Antimicrobial and anti-biofilm activity of olive oil by-products against Campylobacter spp.*
- 16:15-16:30 LAURA MENCHETTI and CHIARA SUVIERI**, *Effects of Iken Up® supplementation in drug detection dogs: crosstalk between learning-related genes and physical fitness*
- 16:30-16:45 FRANCESCO AIELLO [ARPA]**, *Quando la scienza arriva sul giornale. A cura della rivista micron*
- 16:45-17:00 COFFEE BREAK**
- 17:00-17:45 TRAVELLING SCIENTIST: INTERNATIONAL TRAINING**
- 17:00-17:15 FLORY PETRESCU, ERASMUS** - *new opportunities for the future*
- 17:15-17:30 LINDA PETRUCCI**, *Relationship among circulating anti-Müllerian hormone, superovulatory response, and production of transferable embryo in multiparous and nulliparous rabbit does (Oryctolagus cuniculus)*
- 17:30-17:45 ELISA RAMPACCI**, *Antibiotic research: when new abilities generate new ideas*
- 17:45-18:00 CLOSING REMARKS**
