

XI INTERNATIONAL CONFERENCE ON KAON PHYSICS

KAON 2019

10 - 13 September 2019 - Perugia (Italy)

Aula Magna - University of Perugia

TOPICS

CP and T violation
CKM matrix and flavour mixing
Rare decays
Precision SM tests
CPT and quantum mechanics
Lepton universality and flavour violation
Lattice gauge theory
Chiral perturbation theory
Physics beyond the Standard Model
Future opportunities in kaon physics

LOCAL ORGANIZING COMMITTEE

Giuseppina Anzivino - University of Perugia
Francesco Brizioli - University of Perugia
Patrizia Cenci - INFN Perugia (co-Chair)
Viacheslav Duk - INFN Perugia
Riccardo Lollini - University of Perugia
Elisa Manoni - INFN Perugia
Simone Pacetti - University of Perugia
Monica Pepe - INFN Perugia
Roberto Piandani - INFN Perugia
Mauro Piccini - INFN Perugia (co-Chair)

INTERNATIONAL ADVISORY COMMITTEE

Andrzej Buras - Munich University
Brigitte Bloch-Devaux - University of Turin
Fabio Bossi - INFN Frascati
Douglas Bryman - University of British Columbia
Augusto Ceccucci - CERN
Gilberto Colangelo - Bern University
Peter Cooper - FNAL
Giancarlo D'Ambrosio - INFN Napoli
Yee Bob Hsiung - National Taiwan University
Enrico Iacopini - INFN Firenze
Gino Isidori - University of Zürich
Cristina Lazzeroni - University of Birmingham
Vittorio Lubicz - University of Roma Tre
Diego Martines Santos - University of Santiago de Compostela
Konrad Kleinknecht - University of Mainz
Steve Kettell - BNL
Marc Knecht - CNRS Marseille
Takeshi Komatsubara - KEK
Chris Sachrajda - University of Southampton
Monica Tecchio - University of Michigan
Taku Yamanaka - University of Osaka
Ruth Van De Water - FNAL
Yau W. Wah - University of Chicago
Rainer Wanke - University of Mainz
