ENROLLING IN A SINGLE-CYCLE BACHELOR’S OR MASTER’S DEGREE

The evaluation procedure of the foreign secondary school qualifications for the admission to Bachelor’s or Master’s Single-Cycle Degrees does not transform the foreign title into an Italian title, but it can ensure admission to University Degree courses provided that **the foreign title** has all of **the following elements**:

- a) It is an official final degree issued by a secondary school of the foreign reference system;
- b) It is a title that, in the reference system, allows students to enroll in courses having a similar nature (e.g. from an academic point of view);
- c) It is a title obtained after at least 12 years of education;
- d) In case a national test or final examination is provided for, aimed to admission to secondary school education, such requirement must be met also for admission to Italian courses.

In case the secondary education qualification has been awarded at the end of a period of less than 12 years of education, students will have to submit, apart from the secondary school diploma, the following:

- a) An academic certification attesting that all first-year University examinations have been successfully passed (in case the local educational system calls for 11 years of education), and for the first two years of University education in case the local educational system calls for 10 years of education);
- b) OR the post-secondary qualification obtained in a Non-University higher education institution.

For regulations pertaining to specific academic qualifications please see the attachments to the Ministerial Memo regulating the admission of Non-EU citizens <http://www.studiare-in-italia.it/studentistranieri/>

To enroll, candidates are required to submit the secondary school final degree, in original or “copia conforme” (copy that is declared to be equivalent to the original copy), or a replacement certificate for all legal purposes, together with comparability certificate and verification of the title performed by Cimea, Centro di Informazione sulla Mobilità e le Equivalenze Accademiche (Information Center on Mobility and Academic Equivalences), in agreement with the Università degli Studi di Perugia. Q.ENROLLING IN A TWO-YEAR MASTER’S DEGREE PROGRAM

To enroll in a two-year Master’s Degree course, candidates must obtain recognition of their foreign academic degrees. The comparability of the qualification will be certified provided that the foreign title has all of the following elements:

- a) It is an official title, First and Second Cycle of the foreign reference system respectively, issued by an official institution within the foreign system;
- b) It is a title granting, in the foreign reference system, entry in equivalent courses within the Second or Third Cycle;

The **application for the recognition of academic equivalence** of a qualification obtained abroad with a correspondent University Degree awarded by the Università degli Studi di Perugia must be presented "**in bollo**" that is to say with a revenue stamp form of **€16** and submitted to the "**Ufficio Coordinamento Carriere Studenti della Ripartizione Didattica**" (Office in charge of academic careers of enrolled students) within the same deadlines annually set for new enrolment procedures.
