

"Letter of commitment"

HEAD-PAPER OF PARTNER INSTITUTION

To Università degli Studi di Perugia

Letter of commitment

Dear Partner,

I hereby confirm the participation of our Institution "**name of Institution**" in the Erasmus+ funded Blended Intensive Programme "**title**" coordinated by the Università degli Studi di Perugia, in collaboration with (**list of all Institutions involved in the BIP**).

In doing so, we commit to the following:

- Participation: we will actively take part in all phases of the BIP (organisation, definition of contents and programme, didactic contribution to virtual and in-presence sessions);
- Erasmus+ funding: we will promptly inform the International Relations Office of our institution [**name of institution**] regarding the participation in this BIP, verifying the Erasmus+ fundings availability in order to support the physical mobility for both the students and the staff that will take part in the activities;
- Student mobility: we commit to nominate at least ____ **students** to attend the on-site session in Perugia (final numbers can be agreed bilaterally and should contribute to guarantee the minimum number required for the BIP eligibility);
- Erasmus+ funding: we will use our own Erasmus+ funds to cover the travel and subsistence costs of the physical mobility of our students and staff; the BIP itself carries no central funding;
- Inter-institutional agreement: in case a formal Erasmus+ agreement is not already in place between our Institutions, we agree to sign a new one; in case an existing agreement covers a different scientific area than the one related to the BIP, we agree to amend/expand the current agreement (signature of a multilateral Erasmus+ inter-institutional agreement that explicitly covers Blended Intensive Programmes might also be agreed upon among the partnership).

Faithfully,
