

Master in Intellectual Property and Technology Transfer (2nd Level)
CIRIAF, Department of Engineering, University of Perugia

The Master in Intellectual Property and Technology Transfer (2nd Level) of the University of Perugia has the main goal of promoting a specialized training for Technology Transfer Managers.

This qualification is addressed to graduates interested in a postgraduate diploma in Intellectual Property and Technology Transfer with focus on industrial and intellectual property law, economics, finance and ethics of innovation.

The Program of the 1st edition of the Master will count on professorship from EUIPO, i.e. the European Intellectual property Office, as well as on specialized professors and lawyers, both Italian and foreign, who are experts in the field, and experts from public institutions in the field of innovation.

The Master in Intellectual Property and Technology Transfer of the University of Perugia is divided into two modules in order to provide specialized and quality training about:

Module 1: Patents, Trademarks and designs, Plant varieties and geographical indications, Copyright, Know-how, Transfer and Licensing of Intellectual Property Rights, Intellectual property Systems and Process of Granting, Digital innovation.

Module 2: History and Anthropology of Innovation, Innovation Finance and Proof of Concept, Business Planning of a Technology Start-up, Corporate Finance for Start-ups, Sustainability as an Innovation Tool, Ethics and Technology Transfer, Innovation Ecosystems.

The lectures will be held in English for a total of 600 hours. Detailed contents will be shared in October 2019. Moreover, thanks to cooperation agreements with numerous highly innovative companies and prestigious institutions dealing with intellectual property and technology transfer, the Master offers its alumni an internship program where they have the opportunity to acquire a valuable experience to start or improve their professional career.

A tutoring service will support management and teaching activities (1 tutor every 5 students).
