Degrees required for admission

Any Master's degree ('Laurea Specialistica') in accordance with the ministerial decree D.M. 509/1999;
Any Master's degree ('Laurea Magistrale') in accordance with the ministerial decree D.M. 270/2004;
Any University diploma ('Laurea Vecchio ordinamento') according to the regulations in place before the ministerial decree D.M. 509/1999 came into force.

Selection procedure

The selection procedure will be carried out as follows:

Evaluation of qualifications and interview (out of a total of sixty: 30 + 30)

Evaluation of qualifications will be performed with regard to the candidate's university education, further education, training and research experience as well as to any scientific publication (candidates are advised to attach and/or declare all of their qualifications, along with all the elements that can help in their evaluation, thereby including grades obtained within each course).

The Research project must be submitted together with the application.

All qualifications must be presented according to the conditions described in article 3 of the Call for Applications ("Bando") and in Appendix 2 to avoid non evaluation

The minimum mark required on evaluation of qualifications in order to be admitted to the interview is **15/30**.

Before the interview, the list of candidates admitted to interview, with scores obtained will be published on the website www.unipg.it/didattica under the heading "Research Doctorates" – ("Announcements, notices and forms").

Candidates who do not achieve the above minimum score will not be admitted to the interview.

The interview will focus on the subjects included in the PhD curricula and will also aim at verifying the candidate's aptitude towards research, his/her availability to spend periods abroad to gain experience as well as his/her scientific interests. For this purpose, during the interview the candidate must be prepared to illustrate the research project he/she has submitted with the application form.

The candidate may choose to be interviewed in English. For interviews held in Italian, the candidate's knowledge of the English language will also be verified.

The interviews will be performed in the "virtual classroom" telematic method.

Candidates must be in possession of a computer with video camera, microphone and speakers (we recommend using headphones equipped with a microphone) and have installed the MicrosoftTeams program (downloadable from <https://www.microsoft.com/it-it/microsoft-365/microsoft-teams/download-app>).

Candidates will then access the virtual exam room using the appropriate link available on the page referred to in the link below:
