Academic calendar

At the Università degli Studi di Perugia, semester start dates are usually different for each Department. The first semester usually begins between September and October and ends between December and January, with exams held in January/February. The second semester usually begins in February/March and ends in May/June, with exams held in June/July.

Course catalogue – ECTS catalogue

The ECTS guide provides you with all information on the University (Part 1) together with information on courses and modules (Part 2) and information on student life (Part 3). Please visit:

https://www.unipg.it/en/ects-guide

In Part 2, by clicking on the appropriate link, you can visualize the Course Catalogue with full list of modules taught next academic year. Notice that some modules are taught in English. To visualise the list of modules taught in English, click on the appropriate link.

It is also recommended that students directly contact each Professor at the beginning of their teaching activities to find out whether class attendance is mandatory. Whether or not this is the case, class attendance is strongly recommended.

At the end of each study unit, students must sit for the final examination. If a student does not take the final exam or if he/she fails it, no ECTS credits can be awarded.

Please note that our Degree Course Regulations do not allow us to award credits on the sole basis of attendance.

ECTS System adopted: 1 CFU (Italian University Credit System) = 1 ECTS

All Incoming students attending the Department of Medicine courses (in all Degree programs) during the A.Y. 2019/2020 must also submit a negative Tuberculin skin test certificate, issued within the last six months by an authorized structure. They will not be able to attend the Department of Medicine courses otherwise.
Italian Language Courses

It is highly recommended that incoming students possess at least a basic knowledge of the Italian language before coming to our University, since most of our classes are taught in Italian. Although students are strongly encouraged to take an Italian language course in September or February before the beginning of each semester, a formal language certification is not required.

The University Language Centre (CLA) offers 3 free Italian Language Courses before the beginning of University classes: A1 course (available only on-line), A2 or B1 (in-class courses). Each student can attend only one of the in-class courses.

If you do not have any knowledge of the Italian Language, we suggest you the A1 on-line course to be completed before the beginning of the in-class course. A2 and B1 in-class courses consist of 60 hours to be completed in 3 weeks.

The First-Semester in-class course is due to start on September 3, 2019 and the Second-Semester in-class course on February 3, 2020. Attendance is mandatory, since the very first day. For these courses, students will receive a total of 4 ECTS per year. Please note that these credits will only be allocated if the student has dutifully attended at least 75% of the course hours.

To attend one of our free-of-charge Italian language courses, students must fill in the corresponding box when filling out the on-line Application form. The University Language Centre (CLA) reserves the right to cancel courses due to an insufficient number of enrolled students.

Health Insurance

EU students

EU students must bring their own European Health Insurance Card. This card entitles the holder to public medical assistance during his/her temporary stay (please note that the card cannot be used for private health care services). Medical assistance will be provided in accordance with the Italian legislation.

Non-EU students

Health insurance is another essential prerequisite. Without a Health Insurance non-EU students cannot obtain a Permit of stay and a Study visa.

Non-EU students should verify that they are getting the correct health insurance coverage by contacting the Italian Consulate/Embassy in their home country, which will proceed to validate and sign it. Should the Italian Consulate/Embassy in their home country not validate their health insurance policy, it will be mandatory for the students to obtain a new policy upon their arrival in Italy.

However, once non-EU students have obtained their permit of stay they can decide to receive full medical assistance by registering to National Health Service (SSN) at the ASL (Local Health Agency) that provides coverage until the 31st December of the year in which the registration has been made. Passport, permit of stay and personal income tax information are needed in order to apply.

**For Non-EU students ONLY**

### Study Visa

To be eligible, non-EU students must first obtain a study visa. We recommend starting the procedure as soon as possible. Students should directly contact the Italian Consulate or Embassy in their home country to be informed about the steps to be taken in order to obtain the visa. Please note that students must already have their study visa upon their arrival in Italy. For more information visit:

http://vistoperitalia.esteri.it/home/en

To apply for a visa, students must present our Invitation letter, which can be issued only after we receive the students’ documents. We therefore strongly recommend students to send us the necessary documentation as soon as possible. Please note that an Accommodation confirmation is also necessary to obtain the Visa.

Should the student decide to change accommodation after arrival to Perugia, he/she must inform the Incoming Student Mobility Office.

- An Acceptance letter from the Università degli Studi di Perugia sealed by the Italian Consulate of their home country
- A photocopy of a currently valid passport along with the original document

The application pack costs € 30 plus € 70,46 (to be paid directly to the post office) for the issue of the electronic permit and € 16,00 for the revenue stamp (this stamp, called “marca da bollo”, can be purchased at any local tobacconist shop).

The student is then provided with the credentials to verify the progress of the application procedure at [http://questure.poliziadistato.it/stranieri/](http://questure.poliziadistato.it/stranieri/) and will get their first scheduled appointment at the Questura.
